Course Description

This course will outline a manipulative approach to common sports medicine injuries and conditions of the spine, upper extremity and lower extremity. The program will have a balanced content of didactic material and hands-on OMT workshops.

Course Objectives

• The participant will review diagnosis and treatment of common athletic injuries of the spine and upper and lower extremity.
• The participant will perfect his/her palpatory diagnosis of somatic dysfunction of the spine and upper and lower extremity.
• The participants will learn three to five osteopathic manipulative techniques for each region and how and when to utilize them in the athletic population.

Faculty

Mark McKeigue, DO, graduated from Chicago College of Osteopathic Medicine in 1977 and completed internship and residency programs at Chicago Osteopathic Hospital. He is currently in family practice in Orland Park, IL.

Program Chair

Kurt P. Heinking, DO, FAAO, is a 1994 graduate of Chicago College of Osteopathic Medicine, where he currently serves as Chair of the Department of Osteopathic Manipulative Medicine. He is board certified in Osteopathic Manipulative Medicine, Family Medicine and Sports Medicine, and has a private musculoskeletal medicine practice in Willowbrook, IL. Dr. Heinking is Program Chair of the AAO Sports Medicine course and serves on the Awards Committee.
