Based on the life exploration, philosophy and osteopathic practice of Robert C. Fulford, DO, this course builds on principles addressed in the basic course. More sensitive and potent concepts and techniques will be presented with supervised practice to assure a proper level of mastery during the course.

Dr. Fulford continued developing new techniques using the percussion hammer, which he pioneered, necessitating the development of an advanced course in the mid 1990s to allow participants to grasp the far-reaching osteopathic healing concepts that were the essence of the old doctor.

This is the same advanced course as taught by Dr. Fulford. An extra day has been added to allow greater study and practice into the thinking and practice of the modern-day osteopathic physician.
