Evidence-Based Visceral Manipulation:
Finding Best Practices for Evaluation and Management

Dec. 8-10, 2017 • UNTHSC Texas College of Osteopathic Medicine in Fort Worth

During this course, attendees of all experience levels will learn techniques for palpating, diagnosing and treating patients with a variety of visceral dysfunctions.

Radiological research conducted in England, France and Germany during the last 20 years provides a basis for knowing what is normal, what is common, and what is pathological in the viscera. Studies using magnetic resonance imaging, computed tomography, ultrasound, x-ray and fluoroscopy have shown that dysfunctional viscera move less than healthy viscera. Studies are just beginning to cross-correlate osteopathic diagnosis, medical diagnosis, ultrasound diagnosis pre- and post-treatment.

Attendees will learn how to diagnose and treat dysfunctions in the thorax, abdomen and pelvis using motion testing, motility, arterial and venous systems, neurological systems, the lymphatic system and emotional connections.

Continuing Medical Education
22 credits of NMM-specific AOA Category 1-A CME anticipated.

Course Director
A 1994 graduate of what is now the A.T. Still University–Kirksville College of Osteopathic Medicine, Kenneth J. Lossing, DO, served an internship and combined residency in neuromusculoskeletal medicine and family practice through the Ohio University Heritage College of Osteopathic Medicine in Athens. He is board certified in both neuromusculoskeletal medicine and family medicine.

Dr. Lossing studied visceral manipulation with Jean-Pierre Barral, DO (France). An internationally recognized lecturer, Dr. Lossing contributed to the second and third editions of the American Osteopathic Association’s Foundations of Osteopathic Medicine textbook as well as the upcoming fourth edition.

As the AAO’s 2014-15 president, Dr. Lossing was featured in a segment of “American Health Front!” that focused on osteopathic manipulative medicine.

Dr. Lossing and his wife, Margret Klein, OA, run a private practice in San Rafael, California.

Course Times
Friday and Saturday from 8:30 a.m. to 5:30 p.m.
Sunday from 8:30 a.m. to 3:30 p.m.

Meal Information
Morning coffee, tea and juice will be provided each day as will lunch. Notify AAO Event Planner Gennie Watts of any special dietary needs no fewer than seven days in advance.

Course Location
University of North Texas Health Science Center
Texas College of Osteopathic Medicine
3500 Camp Bowie Blvd., MET – 470 Lab
Fort Worth, TX 76107
