

BRAIN THERAPY FOR NEONATAL REFLEXES & LIFELONG REFLEXES IN ADULTS AND CHILDREN

A Pre-Convocation Course • March 10-12, 2019 • Rosen Shingle Creek in Orlando

Course Description

Many children and adults have neurological disorders, learning disabilities or cognitive challenges. Studies show these individuals often have retained or reoccurring neonatal/primary reflexes. Optimally, these reflexes are inhibited in the first months of life. Neonatal reflex inhibition allows for more sophisticated neurological structures to develop.

Adults can see the reoccurrence of these neonatal/developmental reflexes in many pathologies, including trauma, PTSD, Parkinson's, stroke, dementia, etc.

In children, these reflexes can be found in many dysfunctions including learning disabilities, sensory integration dysfunctions, trauma, cerebral palsy, ADD/ADHD, concentration problems, auditory, visual or vestibular issues, poor postural control, dyslexia, speech language delays, ASD, Down syndrome, etc.

There are approximately 28 neonatal reflexes at birth. We will go over most of these reflexes using quick, precise and efficient osteopathic CNS techniques to help integrate them. Inhibitory movement patterns will also be presented.

Prerequisite

Registrants must have taken Dr. Chikly's "Brain 1" course or at least two cranial courses.

Continuing Medical Education

24 credits of NMM-specific AOA Category 1-A CME anticipated.

Course Times

Sunday and Monday from 8:30 a.m. to 6 p.m.

Tuesday from 8:30 a.m. to 4:30 p.m.

Meal Information

Breakfast and lunch are on your own. Coffee and tea will be provided.

Course Location

Rosen Shingle Creek, 9939 Universal Blvd., Orlando, FL 32819

Make your hotel reservations online now. To make your reservations by phone, call 1-866-996-6338 and use booking code 35809.

Course Director

Bruno Chikly, MD, DO (France), is a graduate of the medical school at St. Antoine Hospital in Paris, where his internship in general medicine included training in endocrinology, surgery, neurology and psychiatry.

Dr. Chikly also has the French equivalent of a master's degree in psychology. In 2009, he received a doctorate in osteopathy from CROMON (Holistic Research Center for Osteopathic and Natural Medicine) and AIROP (Italian Association for Postural Occlusion Re-education) in Italy, and he is on the French National Registry of Osteopathy.

Dr. Chikly is an internationally renowned educator, lecturer and writer. He is the author of the book *Silent Waves: The Theory and Practice of Lymph Drainage Therapy*, as well as the creator of a DVD titled *Dissection of the Brain and Spinal Cord*, and he is working on a book about osteopathic manipulation and the brain. He lives in Scottsdale, Arizona, with his wife and partner, Alaya.
