

FASCIAL DISTORTION MODEL—BEYOND THE BASICS: Osteopathy and FDM moving forward together!

A Pre-Convocation Course • March 10-12, 2019 • Rosen Shingle Creek in Orlando

Course Description

The Fascial Distortion Model is a model of thinking that allows clinicians to utilize patients' gestures and verbal descriptions to focus soft tissue treatment for fast and effective relief of pain. By incorporating the FDM with traditional OMM techniques, powerful results can be achieved. By applying the FDM philosophy to your practice, you can decrease treatment time and improve outcomes.

No previous experience with the FDM will be required. For those familiar with the FDM, this is an opportunity to gain a deeper understanding. This will be an excellent introduction to the model and a good starting point on the journey of incorporating FDM into your practice. The second part of the course will be focused on incorporating the FDM with concepts such as visceral manipulation, cranial manipulation, dry needling, and frequency specific microcurrent therapy. The use of FDM in the pediatric population and FDM treatment of fractures also will be discussed.

Continuing Medical Education

24 credits of NMM-specific AOA Category 1-A CME anticipated.

Course Times

Sunday through Tuesday from 8 a.m. to 5 p.m.

Meal Information

Breakfast and lunch are on your own. Coffee and tea will be provided.

Course Location

Rosen Shingle Creek, 9939 Universal Blvd., Orlando, FL 32819

Course Director

Todd A. Capistrant, DO, MHA, earned both his doctor of osteopathic medicine degree and his master in health administration degree in 1997 from the Des Moines (Iowa) University College of Osteopathic Medicine. He is one of only three physicians in the United States who are currently certified to teach seminars on the FDM, and he is the president of the American Fascial Distortion Model Association.

Dr. Capistrant specializes in OMM, and he is certified by the American Board of Family Medicine. He is a member of the growing OMM department at the Tanana Valley Clinic in Fairbanks, Alaska, and he serves as a regional dean for the Pacific Northwest University of Health Sciences, College of Osteopathic Medicine in Yakima, Washington.
