Members elect new leaders

Academy members selected their leadership for 2013-2014 at the AAO Annual Business Meeting in Orlando, FL, March 21. President-Elect, David Coffey, DO, FAAO, automatically assumed the office of President, and Jane E. Carreiro, DO, began a one-year term as Immediate Past President.

Other newly elected leaders include:

President-Elect
Kenneth J. Lossing, DO

Secretary-Treasurer
Judith A. O’Connell, DO, FAAO

Trustee
Kendi L. Hensel, DO, PhD*
Catherine M. Kimball, DO
Michael P. Rowane, DO, FAAO

Governor
Millicent King Channell, DO, FAAO
Guy A. DeFeo, DO* 
William H. Devine, DO*
Raymond J. Hruby, DO, MS, FAAO*
Douglas J. Jorgensen, DO, FAAO*
Hollis H. King, DO, PhD, FAAO
Michael L. Kuchera, DO, FAAO*
Gregg C. Lund, DO*
Michael A. Seffinger, DO
Sheldon C. Yao, DO

Nominating Committee
Boyd R. Buser, DO*
Dennis J. Dowling, DO, FAAO*
John C. Glover, DO, FAAO*
Melicien A. Tettambel, DO, FAAO*
Jane E. Carreiro, DO (ex-officio)

*denotes incumbent

Executive Director’s Message

Diana L. Finley, CMP

The Academy’s Education Committee presented four courses prior to the opening of the AAO Convocation in Orlando, FL, this year. Convocation week began with Peripheral Nerves: Upper Body on Sunday, March 17. Kenneth J. Lossing, DO, led this three-day course per the teachings of Jean-Pierre Barral, DO, earning participants an additional 24 hours of Category 1-A CME credit. During the following two days, an interactive workshop – Treating Children with Common Developmental and Neurological Issues: An International Osteopathic Perspective – presented by then-AAO President Jane E. Carreiro, DO, Julie Fendall, DO, from Sydney, Australia, and Sue Turner, DO, from London, England – gave attendees the opportunity to obtain 16 hours of Category 1-A CME.

Michael L. Kuchera, DO, FAAO, and Hugh M. Ettlinger, DO, FAAO, also presented a two-day workshop entitled Osteopathic Considerations in Systemic Dysfunction of the Geriatric Patient. It provided a practical, hands-on osteopathic manipulative treatment approach to everyday systemic complaints, ranging from sinusitis to pneumonia. It, too, earned participants 16 hours of Category 1-A CME. On Wednesday, March 20, Frank H. Willard, PhD, delighted his audience with a lecture on Cellular Biology and the Cellular Matrix, allowing all attendees to obtain an additional four hours of Category 1-A CME credit. This course examined the structure of the molecular framework, extending from the nuclear skeleton through the cytoskeleton to the extracellular and fascial framework of the body.

While these courses were conducted, Dr. Carreiro held her final Academy Board of Trustees meeting on Tuesday, March 19. One of the highlights of this meeting was the attendance of American Osteopathic Association (AOA) Executive Committee members. Discussions included faculty development, Osteopathic Continuous Certification (OCC) and an Accreditation Council

for Graduate Medical Education (ACGME) update. This was followed by a reception, hosted by the Foundation for Osteopathic Research and Continuous Education (FORCE), which informed the board and AOA Executive Committee about current research projects the foundation was supporting.

The Fellowship Committee met on Tuesday as well, and examined Jan T. Hendryx, DO, who was approved for conferment of fellowship by the AAO Board of Governors on Wednesday. He received his FAAO Medallion and plaque from his sponsor, R. Paul Lee, DO, FAAO, and outgoing Fellowship Committee Chair Judith A. O’Connell, DO, FAAO, at the President’s Banquet on Saturday, March 23.

The Education Committee also met on Tuesday to review and approve the final 2013 AOA Convention (OMED) program and budget submitted by Program Chair Laura E. Griffin, DO, FAAO, as well as the 2014 AAO Convocation program and budget submitted by Program Chair Denise K. Burns, DO, FAAO.

On Wednesday, the American Osteopathic Board of Neurmusculoskeletal Medicine (AOBNMM) tested 21 physicians for re-certification, and the Academy’s Postdoctoral Standards and Evaluation Committee gave its In-Service Examination to 82 residents.

Program Chair Gregg C. Lund, DO, did a fabulous job of bringing together the best of the best for this year’s Convocation program. The Rosen Shingle Creek Hotel proved to be an excellent site for the event. I would like to take this time to personally express my appreciation to the AAO staff and volunteers for their hard work and dedication to making everything run smoothly. Thank you, Sherri Quarles, Sherrie Warner, Amber Rausch, Chrissy Clark, Tessa Skidmore, Debbie Cole, Walt Ruthenburg, Kathleen Brennan, Laura Jones and Vicki Clark. Susan Lightle also can’t be forgotten for holding down the fort in Indianapolis! Kudos are in order for Charlie Beck, DO, FAAO, who served as the AAO’s professional photographer for the week. I am grateful for Steve Noone’s hosting of the AAO Information Desk as well.

Newly elected AAO President David Coffey, DO, FAAO, concluded the evening of Saturday, March 23, with a dance party for students and physicians immediately following the President’s Banquet, which wrapped up the Convocation on a high note.

By now, Convocation attendees should have received an e-mail asking them to complete an evaluation. These surveys are very important to the Academy staff and Education Committee in making improvements for future Convocations. Please take the time to thoughtfully participate.

It’s also never too early to mark your calendars for the 2014 AAO Convocation, which will take place at the beautiful Broadmoor Hotel in Colorado Springs, CO, March 19-23! Dr. Burns has planned the lectures and workshops around the theme, Trauma: An Integrative Osteopathic Approach. AAO members will receive more information via the AAO Member Newsletter and Convocation brochure beginning in August.

**Dr. Coffey Assumes Academy Presidency**

David Coffey, DO, FAAO, was installed as AAO President for 2013-2014 at the President’s Banquet during the AAO Convocation in Orlando, FL, March 23. Dr. Coffey, a 1984 graduate of Philadelphia College of Osteopathic Medicine, is board-certified in Family Practice and Neurmusculoskeletal Medicine/Osteopathic Manipulative Medicine. Since 2004, he has served as a family physician in private practice at Jackson Hospital & Clinic in Montgomery, AL, from which he received the 2011 Hospital Hero Physician Award. Dr. Coffey also completed the American Osteopathic Association (AOA) Health Policy Fellowship in 2011. He is a Past President of the Osteopathic Cranial Academy and a current member of the Medical Executive Committee and Chairman of the Credentials Committee for Noland Hospital Montgomery—a long-term care facility on Jackson’s campus. Dr. Coffey also serves on the AOA House of Delegates.

Dr. Coffey delivered the following inaugural address:

One of the hardest lessons in life is to realize what exactly is the essence of what we do as osteopathic physicians. In order to transition and grow, we have to learn that it is not about “me” individually, it is about “us” as a whole. We need to learn this lesson in everything we do, whether it is to build or to dream, to love or to heal. Through my experience, the American Academy of Osteopathy has, at its core, the fundamental truth that we are an organization that works together;
Program Chair
Bruno Chikly, MD, DO (UK) is a graduate of the medical school at Saint Antoine Hospital in France, where his internship in general medicine included training in endocrinology, surgery, neurology and psychiatry. Dr. Chikly also has the French equivalent of a Master’s degree in psychology. He received a DO degree from the European School of Osteopathy in the UK, and a PhD in Osteopathy from the Royal University Libre of Brussels in Brussels, Belgium. He is the author of the book Silent Waves The Theory and Practice of Lymph Drainage Therapy, as well as the DVD Dissection of the Brain and Spinal Cord.

“I know that the normal brain lives, thinks and moves within its own specific membranous articular mechanism”, Sutherland WG, The Cranial Bowl, Free Press, 1939.

Course Description
This is an advanced (Level 5) class that uses different paradigms by working extensively with the brain parenchyma, its gray and white substance. It trains practitioners to address very specific structures and physiology of the brain and spinal cord. These structures are often unaddressed primary/key lesions in somatic dysfunctions.

The participant will learn:
- how to work with autonomic nervous system dysregulation;
- how to release lesions of the lateral, third and fourth ventricles, and the foraminae;
- how to safely release nuclei in the central nervous system, including the corpus callosum, indusium griseum, fornix, thalamus, pituitary, hypothalamus, pineal, putamen, globus pallidus, caudate nucleus, nucleus accumbens, claustrum, hippocampus, substantia nigra, cerebellum and its nuclei, etc; and
- how to release lesions in the white and gray matter of the brain and spinal cord.

Course Location
Arizona College of Osteopathic Medicine
19555 North 59th Avenue, Glendale, AZ 85308
(623) 572-3215

we are an organization that listens; and we are an organization that builds to the
good of our patients, our colleagues, our students, our residents and the overall
American Osteopathic Association membership.

We have many challenges ahead over the next year. Thanks be to God, we
have people with the skills to handle them. Two people at the head table, Boyd R.
Buser, DO, and George J. Pasquarello, DO, FAAO, are intimately involved in
the issue of residency training and the Accreditation Council for Graduate Medical
Education. They have the skills that will define Osteopathy and can communicate
to both the MD associations and our sister schools and residency programs, as do
people like Jane E. Carreiro, DO, Michael P. Rowane, DO, FAAO, and Kenneth H. Johnson, DO, FAAO.

We have built upon a set of leaders that includes Stephen J. Blood, DO, FAAO, Richard A. Feely, DO, FAAO,
John M. Jones, DO, Evan A. Nicholas, DO, to whose father (Nicholas S. Nicholas, DO, FAAO) I owe the fact that I
am standing before you tonight, and to the dedication of David Heilig, DO, FAAO. I also owe Walter C. Ehrenfeuchter,
DO, FAAO, who has taken the leadership from Dr. Heilig and is currently the head of the Osteopathic Manipulative
Medicine Department at Philadelphia College of Osteopathic Medicine-Georgia.

We build upon the past. We build together. It is not about “me,” it is about “we.” It is not about “them,” it is about
“us” as we challenge and move through the coming trials in the years ahead. The Academy is in good hands. We have a
tremendous Board of Trustees, and we will do everything in our power to do what is best for our students, residents and
physician members.

Thank you.

AAO Membership Selects Dr. Lossing as President-Elect

Academy Members elected Kenneth J. Lossing, DO, to the office of
President-Elect at the AAO Annual Business Meeting on March 21. He will
serve a one-year term before taking office as President in March 2014.

Dr. Lossing is a 1994 graduate of Kirksville College of Osteopathic Medicine. He completed
internship and residency programs at Ohio University College of Osteopathic Medicine, and is
certified in Neuromusculoskeletal Medicine/Osteopathic Manipulative Medicine and Family
Practice. Dr. Lossing studied under French osteopath Jean-Pierre Barral, DO, and is known
internationally as a lecturer on visceral manipulation.

Mike Fitzgerald Honored with Academy Award

The AAO Board of Trustees announced Michael E. Fitzgerald as the 2013 recipient of the
Academy Award. Immediate Past President Jane E. Carreiro, DO, presented him the award during
the AAO Annual Business Meeting in Orlando, FL, on March 21. The board created the Academy
Award for presentation to individuals who are not DOs, but who have contributed significantly to the
advancement of Osteopathy.

Mr. Fitzgerald has worked on publications for the American Osteopathic Association (AOA)
for 32 years. After graduating from Marquette University with a Bachelor of Arts in Journalism in
1980, he was hired to work at the AOA by Barbara Peterson, who was the AOA’s Executive Editor
at the time. He began as a staff writer for The DO magazine, and, because his duties included taking
photographs, he eventually acquired the unofficial title of “official AOA photographer.”

From 1986 to 1990, Mr. Fitzgerald worked as managing editor of The DO magazine, for which he edited final drafts
of articles, designed monthly columns and orchestrated the AOA’s annual convention and program books. For the next
eight years, he served as Associate Editor of The DO, then, in 1998, the AOA Executive Director, John B. Crosby, JD,
promoted him to Assistant Director for Publications for the magazine. In addition to being The DO’s Chief Staff Editor, he
was responsible for the custom publications AOA Women and Wellness and AOA Health Watch, and the AOA’s A.T. Still
Library and Research Center.
From 2001-2004, he served as Director of the AOA Division of Publications and Executive Editor, overseeing the editing and design of all AOA publications, including assisting in the launch of *The Journal of the American Osteopathic Association* (JAOA) Web site. In addition, he shared responsibility for orchestrating the AOA's annual report videos. Then, in 2004, as Director of Publications and Publisher, he began overseeing the business affairs and editorial direction of all AOA publications, coordinating interactions with the Editor-in-Chief and the AOA Board of Trustees.

Mr. Fitzgerald served as the AOA staff liaison for both the second and third editions of the *Foundations of Osteopathic Medicine* textbook. As Director of Publications, he also drafted the AOA publications’ business plan and the *JAOA* Realignment Task Force’s strategic plan, and served as Secretary to the AOA Committee on Professional Publications, the *JAOA* Editorial Advisory Board, and the AOA Bureau of Osteopathic History and Identity. In overseeing the AOA's Great Pioneers in Osteopathic Medicine program, he has recorded living history interviews with dozens of Great Pioneers, including W. Douglas Ward, PhD, and Fred C. Tinning, PhD.

Currently, Mr. Fitzgerald is Publisher of the AOA, and he serves as an Associate Editor of the *JAOA* alongside Michael M. Patterson, PhD, and AAO Past President Michael A. Seffinger, DO. In these roles, his primary duties are to help recruit submissions to the *JAOA* that build on the evidence base for the tenets of osteopathic medicine and help obtain educational grants to support *JAOA* supplements and other AOA custom publications. Through the various publication roles he has held within the AOA, Mr. Fitzgerald has become extremely familiar with the osteopathic medical profession’s organizations, its leaders, and its history.

Past recipients of the Academy Award are:

Philadelphia College of Osteopathic Medicine (PCOM) brings to light a rich tradition of excellence in education and leadership. Currently, the Georgia Campus—Philadelphia College of Osteopathic Medicine, in the greater Atlanta area, has the following exciting positions available:

**Faculty Position: Department of Osteopathic Manipulative Medicine**

Full time faculty position in the Department of Osteopathic Manipulative Medicine. This individual will be expected to teach osteopathic medical students in both lecture and laboratory sessions in all four years of the curriculum, see patients and develop an outpatient clinic for M-3 month long rotation, plan and supervise OMM Inpatient Student Service, assist in preparation of OMM video clips and tutorials, participate in existing research and initiate new OMM research, assist in planning and production of new publications, and assist in planning and supervision of the OMM Residency. The successful applicant will have a D.O. degree and proficiency in osteopathic manipulative medicine. The candidate needs to have or be eligible for a license to practice Osteopathic Medicine in the State of Georgia. Board Certification or eligibility by the AOBNMM or AOBSPOMM is required. Additional Board Certification or eligibility by the AOBFM is desirable. The review of applications will begin immediately and continue until the position is filled. Salary for this position will be commensurate with experience and qualifications.

**Clinical Education Coordinator**

Seeking qualified Osteopathic Physician for a full-time Clinical Education Coordinator. This full time position reports to the Chair of Undergraduate Clinical Education. This individual will be responsible as the Director of the Advanced Clinical Skills Program. He/She will supervise the Clinical Adjunct Faculty's participation in the didactic educational programs and assist the Chair in management of the Clinical Clerkship program. Minimum of five years in a clinical practice. Experience in clinical education as a Clerkship Director, Program Director, Didactic Educator, or similar activities. Must be Board Certified in a Primary Care specialty. All inquiries must include salary requirements and should be directed to: Department of Human Resources, GA-Campus, 625 Old Peachtree Road, Suwanee, GA 30024. Call (678) 225-7515; Fax (678) 225-7519; Email: hr@pcom.edu EOE
Osteopathy and Swedenborg
by David B. Fuller, DO, FAAO

Now available in the AAO bookstore!

Osteopathy & Swedenborg demonstrates the previously unrecognized influence of Swedenborg’s ideas on the creation and development of osteopathic medicine, especially in regards to body/mind/spirit and the anatomical inter-relationship of the nervous system, fascia and fluids throughout the body. This includes a study of cranial osteopathy and Swedenborg’s paradigm of the brain and soul-body interaction, comparing concepts such as Swedenborg’s spirituous fluid and Sutherland’s Primary Respiratory Mechanism.

In the process of making these connections, the book traces the influence of Swedenborg’s ideas through and across the America of the 1800s, specifically through the metaphysical/healing movements of Transcendentalism, Spiritualism, New Thought and Theosophy.

624 pp. Hardback

David Fuller’s text, Osteopathy and Swedenborg, is a thorough analysis of the influence the writings of eighteenth-century Swedish scientist and theologian, Emanuel Swedenborg, had on Andrew Taylor Still, William Garner Sutherland and other seminal osteopathic thinkers. It behooves any serious osteopathic practitioner, scholar or educator to read this thought-provoking work.

—Kenneth E. Nelson, DO, FAAO, FACOFP (Dist.), Professor, Department of Osteopathic Manipulative Medicine, Chicago College of Osteopathic Medicine, and Editor of Somatic Dysfunction in Osteopathic Family Medicine
A. T. Still Medallion Awarded to Dr. Hruby

On behalf of the Board of Trustees, Dr. Carreiro presented the 2013 A.T. Still Medallion of Honor to Raymond J. Hruby, DO, MS, FAAO, during the President’s Banquet in Orlando, FL, on March 23. The A.T. Still Medallion of Honor is the highest award conferred by the AAO. It is given to deserving members of the Academy who have exhibited, among other accomplishments in scientific or professional affairs, an exceptional understanding and application of osteopathic principles and concepts.

Upon his graduation from the College of Osteopathic Medicine and Surgery in Des Moines, IA, in 1973, Dr. Hruby interned at the Osteopathic Hospital of Maine, at which he later became a member of the Service of Osteopathic Medicine. He served as Director of the service from 1981 to 1985. After working in private practice in San Diego, CA, he became an associate professor in the Department of Osteopathic Principles and Practice at the University of New England College of Osteopathic Medicine, where he was appointed Director of Predoctoral Education in 1993. Dr. Hruby went on to serve as Professor and Chair of the Departments of Osteopathic Manipulative Medicine (OMM) at Michigan State University College of Osteopathic Medicine and Western University of Health Sciences College of Osteopathic Medicine of the Pacific. Although officially retired from Western University, he continues to work as a consultant to the Department of OMM, and on special projects with the Interprofessional Education Program and the Graduate School of Basic Medical Sciences. Dr. Hruby is certified in NMM/OMM and family practice. A Past President of the AAO, he currently serves on the Board of Governors, International Affairs Committee and Publications Committee. He is also the former Scientific Editor of the AAO Journal and co-author of the book Evidence-Based Manual Medicine.

Previous recipients of the A.T. Still Medallion of Honor include:

2012 – Mark S. Cantieri, DO, FAAO
        Jerry L. Dickey, DO, FAAO
2011 – John C. Glover, DO, FAAO
2010 – Boyd R. Buser, DO
2009 – Donald V. Hampton, DO
        Edward G. Stiles, DO, FAAO
2008 – Judith A. O’Connell, DO, FAAO
        Stephen D. Blood, DO, FAAO
2007 – Ann L. Habenicht, DO, FAAO
        Michael L. Kuchera, DO, FAAO
2006 – Eleanor Masterson, DO
2005 – Fred L. Mitchell, Jr., DO, FAAO
2004 – Harmon L. Myers, DO
        Melicien A. Tettambel, DO, FAAO
2003 – Eileen L. DiGiovanna, DO, FAAO
        William Wyatt, DO (posthumously)

A complete list of previous A.T. Still Medallion of Honor awardees can be viewed at:

Normalization of Muscle Function
June 14-16, 2013 at UMDNJSOM in Stratford, NJ

Course Description
The course design facilitates mastery of the diagnosis and treatment of muscles and myofascial pain complaints.

The following topics will be covered:
• Myofascial and Integrated Neuromusculoskeletal Release
• Exercise Prescription (stretching, strengthening and retraining)
• Lower Back Pain
• Abdominal Pain and Viscerosomatic Linkage
• Lower Extremity Pain (hip, knee, ankle and foot)
• Pelvic pain
• Chest & Thoracic Pain
• Upper Extremity Pain (shoulder, elbow, wrist and hand)
• Cervical Pain
• Counterstrain, Muscle Energy, Facilitated Positional Release and Still Techniques aimed at treating muscle dysfunction
• Muscle Testing to diagnose and treat muscle imbalance and pseudoparesis
• Acupuncture, Acupressure and Visceral Manipulation to address myofascial dysfunction and pain
• Trigger Point Injection and Cool & Stretch

CME
20 hours of AOA Category 1-A credit is anticipated.

Program Chair
Jay B. Danto, DO, is an associate professor at A. T. Still University – Kirksville College of Osteopathic Medicine. He has authored several journal articles and books, including Normalization of Muscle Function. Dr. Danto is a graduate of Michigan State University College of Osteopathic Medicine. He has practiced and taught in private, academic and institutional settings. Dr. Danto’s passion for osteopathic practices and principles has inspired him to write, explore, and educate professionals and laypeople throughout his career.

Course Times
Friday and Saturday: 8:00 am - 5:30 pm (breakfast and lunch provided)
Sunday: 8:00 am - 12:30 pm (breakfast provided)

Fellowship Committee Recognizes Service of Dr. Kappler

Outgoing Fellowship Committee Chair Judith A. O’Connell, DO, FAAO, awarded the 2013 FAAO Distinguished Service Award to Robert E. Kappler, DO, FAAO, at the Fellows’ Dinner in Orlando, FL, on March 22. The FAAO Distinguished Service Award is presented to Fellows of the American Academy of Osteopathy who have further distinguished themselves in contributions to osteopathic literature; development of osteopathic theory, method or procedure; research; osteopathic education; service to the AAO on committees, boards, etc.; public relations; service to public health; and/or osteopathic medical economics and advocacy.

Dr. Kappler graduated from Chicago College of Osteopathic Medicine (CCOM), and began his many years of service on the CCOM faculty as an instructor in Osteopathic Theory and Practice, eventually becoming Professor and Chair in the Department of Osteopathic Manipulative Medicine and Director of the Center for Osteopathic Research and Educational Development. He has served as president of several professional societies, including the AAO and the Illinois Association of Osteopathic Physicians and Surgeons (IAOPS). He has also been the recipient of many professional awards, including the AAO’s A.T. Still Medallion of Honor, the IAOPS’s Distinguished Service Award and the CCOM Alumni Association’s Outstanding Achievement Award. Dr. Kappler has represented osteopathic medicine at various professional and community levels as a consultant, and has treated a number of celebrities and professional athletes in the Chicago area.

Previous recipients of the FAAO Distinguished Service Award:
2012 – Stephen J. Blood, DO, FAAO
2011 – Phillip E. Greenman, DO, FAAO
2010 – Viola M. Frymann, DO, FAAO
2010 – Isabelle A. Chapello, DO, FAAO
2008 – Anthony G. Chila, DO, FAAO

Board of Governors Confers New FAAO

The AAO Board of Governors approved the recommendation of Jan T. Hendryx, DO, as a Fellow of the American Academy of Osteopathy at their meeting in Orlando, FL, on March 20. Dr. Hendryx successfully completed oral and practical examinations administered by members of the AAO Fellowship Committee prior to the 2013 AAO Convocation. AAO President Jane E. Carreiro, DO officially conferred Fellowship on Dr. Hendryx at the President’s Banquet on March 23.

Dr. Hendryx received his DO degree from the University of North Texas Health Science Center – Texas College of Osteopathic Medicine. He completed his internship at Phoenix General Hospital, and residency in family medicine at Grandview Hospital and Medical Center in Dayton, OH. He is a graduate and fellow of the American Academy of Medical Acupuncture (AAMA) training program through the UCLA School of Medicine. He is also board-certified in family practice, osteopathic manipulative medicine (OMM), medical acupuncture and holistic medicine. Dr. Hendryx is a Professor of Family Medicine and Osteopathic Principles and Practice (OPP), Course Director of OPP, and Director of Integrative Medicine at Lake Erie College of Osteopathic Medicine in Erie, PA. In addition to teaching, he has a private practice specializing in the non-drug treatment of pain and other health problems through the use of OMM, acupuncture and other holistic modalities. He has lectured widely on these topics and is the author of the book, Healer’s Touch: A Physician’s Journey into the Medical, Miracle and Mystical Aspects of Healing.

AAO members who are interested in applying for the FAAO designation can obtain the required application and explanatory materials by contacting Debbie Cole at (317) 879-1881 or dcole@academyofosteopathy.org. The deadline for new fellowship applications is January 1, 2014.

FAAO candidates scheduled for conferment in March 2014, please note these forthcoming deadlines:
May 1, 2013 - Final re-write of case histories or re-submission of case history edits/corrections as requested
Feb 1, 2014 - Final draft of scientific paper/thesis due and $1000 (non-refundable) test fee due
Mar 20, 2014 - Oral and Practical Exams prior to conferment at the 2014 AAO Convocation in Colorado Springs, CO.
SAAO and PAAO Members Elect New Leaders

Postgraduate American Academy of Osteopathy (PAAO) members elected John R. Leuenberger, DO, and Katie B. Donahue, DO, 2013-2014 Chair and Vice Chair, respectively, at the PAAO Annual Business Meeting in Orlando, FL, on March 22. Dr. Leuenberger graduated from Lake Erie College of Osteopathic Medicine, and Dr. Donahue is a graduate of Michigan State University College of Osteopathic Medicine. Both will serve a one-year term.

Student American Academy of Osteopathy (SAAO) members also participated in elections at their Board of Governors meeting in Orlando, FL, on March 22. They selected the following officers: Thomas M. Lettich, OMS (Philadelphia College of Osteopathic Medicine), Chair; Joseph R. Lewis, OMS (University of Pikeville – Kentucky College of Osteopathic Medicine), Vice Chair; Randy J. Davis (Nova Southeastern University College of Osteopathic Medicine), National Coordinator; Meagan B. Verbiullion, OMS (Ohio University – Heritage College of Osteopathic Medicine), Secretary-Treasurer; and Benjamin A. Kitt, OMS (Midwestern University Arizona College of Osteopathic Medicine) National Undergraduate Fellows Association Liaison. All will serve a one-year term.

Students Take Part in Case Presentation Competition

The SAAO is proud to have hosted another successful A. Hollis Wolf Case Presentation Competition at the AAO Convocation in Orlando, FL. The annual competition included representatives from 16 osteopathic medical schools, and an outstanding panel of judges with various involvement in the AAO. It was a wonderful afternoon to watch osteopathic medical students articulate their experiences with osteopathic principles, diagnosis and treatment. Prizes were awarded to the first through fifth place winners because of generous donations by Blackstone Industries, The Osteopathic Cranial Academy, Shop Anatomical, Dr. James Jealous and Drs. Robert and Kerry Agnello.

It is our privilege to congratulate the following winners:

Grand Prize: Bethany J. Prater, OMS – New York College of Osteopathic Medicine
Second Place: Savitha S. Bonthala, OMS – Touro University College of Osteopathic Medicine (California)
Third Place: Erin Jewell Burks, OMS – Kansas City University of Medicine and Biosciences College of Osteopathic Medicine
Fourth Place: Amanda J. Lucashu, OMS – Touro College of Osteopathic Medicine (New York)
Fifth Place: Amber N. Koon, OMS – Rocky Vista University College of Osteopathic Medicine

NMM/Family Medicine and Osteopathic Residency Faculty Positions – Orlando, Florida

Florida Hospital Graduate Medical Education in Orlando, Florida, is looking for three dynamic, hardworking and broadly skilled family physicians with a passion for teaching for our osteopathic residency faculty.

- Family Medicine/Neuromusculoskeletal Medicine physician. **Board Certification in both FM and NMM (AOA) is required.** This doctor would serve as one of the key faculty members within the Osteopathic Family Medicine Residency Program. He/she would focus on the Integrated NMM and Plus One NMM programs within the residency.
- Inpatient/hospitalist medicine with some outpatient care. **Board Certification in Family Medicine (AOA or ABMS) required.**
- Outpatient care with some inpatient/hospitalist medicine. **Board Certification in Family Medicine (AOA or ABMS) required.**

Responsibilities would include teaching for all of our residents and medical students. We teach six new residents each academic year, along with two new residents each year in the FM/NMM program, and two fellows in the Plus One NMM program. The program also offers an Osteopathic Manipulation Fellowship, as well as the AOA-accredited Gynecologic Oncology program (one per year for the three-year program). Our main medical school affiliation is with Nova Southeastern University College of Osteopathic Medicine.

This residency program is based at Florida Hospital East Orlando, a 225-bed facility that is part of one of the largest healthcare systems in the country. The Osteopathic Family Medicine Residency at East Orlando is among the most progressive training programs in the osteopathic profession. The foundation for our family medicine internship and residency is derived from the dedication of our faculty, continuity family medicine and pediatric clinics, didactic programs and innovative technology.

NOTE: Not a Visa opportunity.

For more information, please contact Sarah Doherty, Physician Recruiter, at 407-200-2751, or e-mail CV to sarah.doherty@flhosp.org.
Clinical Applications of Counterstrain, Compendium Edition
by Harmon L. Myers, DO

Now available in the AAO bookstore!

Counterstrain is a powerful tool to treat chronic and acute pain. Its gentle but logical manipulations can affect immediate, often lasting relief, and help maximize the body's natural inclination toward health. Actual case histories and standardized, muscle-specific treatment positions bring the author’s expertise to beginners and advanced practitioners alike. In this unique, at-a-glance presentation, doctor, author, lecturer, teacher and nationally recognized master of Counterstrain, Harmon L. Myers, DO, shares a lifetime of insight, and a step-by-step approach for clinicians of all disciplines to quickly and effectively diagnose and treat much of what ails us. Indispensable for preventive care and the whole-person approach to wellness, this book is a comprehensive resource for students, instructors, clinicians and practitioners in osteopathic manipulation, physical therapy and integrated medical disciplines.

230 pp., Hardback
ISBN: 978-0963365811

Building on the educational and clinical impact of Dr. Myers’ original work, Clinical Application of Counterstrain (2006 Osteopathic Press), the Compendium Edition includes contributions from scholars and practitioners who work, practice or teach around the world: William H. Devine, DO, Medical Editor; Christian Fossum, DO (UK), “From Theory to Practice;” Richard L. Van Buskirk, DO, PhD, FAAO, “Physiology of Somatic Dysfunction;” Michael L. Kuchera, DO, FAAO, “Differential Diagnosis of Myofascial Points;” Randall S. Kusunose, PT, OCS, “Cranial Counterstrain.” Foreword by the author’s colleague and friend, Dr. Andrew Weil, MD. Now in hardcover for durability.

Concentra has been a national leader in health care for more than 30 years. Through our affiliated clinicians, we provide urgent care, occupational medicine, primary care, physical therapy, and wellness services from more than 600 medical centers and worksites in 43 states.

We have moonlighting opportunities for state-licensed, third-year residents who are interested in enhancing their education while gaining practical experience. With flexible weeknight and weekend hours at many locations, Concentra is able to provide residents a positive outpatient educational experience in urgent care and occupational medicine—all without impacting your residency obligations.

If you're interested, please contact physician recruiter Jodie Clark for more information. You can reach her directly at 877-401-8679 or ClarkJ@workatConcentra.com.
Physicians Receive AOBNMM Certification

Chair Melicien A. Tettambel, DO, FAAO, is pleased to report that the following physicians were newly certified by the American Osteopathic Board of Neuromusculoskeletal Medicine (AOBNMM) in November 2012: Donald L. Allison, DO; Adam S. Cohen-Lewe, DO; Danielle L. Cooley, DO; Brian J. Frenkiwich, DO; Daniel S. Gibbons, DO; Sarah J. James-Miner, DO; Jeffrey W. Johns, DO; Adam L. Kilkenney, DO; Steven P. Kroth, DO; Charles W. Lehnardt, DO; Thomas P. Macari, DO; Kiran A. Mangalam, DO; Melchiorra M. Mangiaracina, DO; Kara C. Mientier, DO; Yumi Nishida, DO; James E. Philson, DO; Elias J. Ptak, DO; Bo M. Rowan, DO; Ryan A. Seals, DO; Jason A. Sneed, DO; Seema B. Vasu, DO; Amy E. Suessle, DO; Dana C. Anglund, DO; Conrad F. Schoenwald, DO; and Michael D. Waddington, DO.

Dr. Tettambel is happy to announce that the following physicians became AOBNMM re-certified at this time as well: Harold K. Agner, DO; Jay B. Danto, DO; Lori A. Dillard, DO; John H. Juhl, DO; Jonathon R. Kirsch, DO; Wesley C. Lockhart, DO; Robert P. Marino, DO; Bruce A. McElhinney, DO; Michael F. Oliviero, DO; David W. Shoup, DO; Scott T. Stoll, DO; Andreas H. Szokoloczy-Syllaba, DO; Victoria A. Troncoso, DO; and Douglas P. Weston, DO.

CLASSIFIED ADVERTISEMENTS

NEW NMM PLUS 1 RESIDENCY PROGRAM IN NEW YORK
There is a new NMM Plus 1 Residency at Southampton Hospital in beautiful Southampton, Long Island. Applications are currently being accepted. If interested, please contact Program Director Denise K. Burns, DO, FAAO, at drdenise@optonline.net or Education Department Secretary Karen Roberts at (631) 726-0409.

PRACTICE OSTEOPATHY IN BEAUTIFUL COLORADO
Successful integrative practice seeks a board-certified/eligible NMM/OMM physician for its busy Denver office. Preferably someone comfortable with a broad variety of techniques. Very competitive compensation. Friendly and professional atmosphere. Please call (303) 781-7862 or e-mail CV to mgentile@cointegrative.com. Our Web site is www.cointegrative.com.

SEEKING DO IN LOS ANGELES
Innovative primary care practice seeks primary care physician also interested in OMM. Balanced lifestyle, work with academically trained MDs, started by original designer of Epocrates. Additional opportunities available in the San Francisco Bay Area, NYC, Boston and Washington, DC. If interested, please send a brief intro and CV to jobs@onemedical.com.

PHYSIATRY OPENING IN SOUTH FLORIDA
Position available for AOA Board Certified PM&R with OMT skills and/or NMM background. South Florida. No nights, call or weekends. Competitive salary, good benefits, Osteopathic Medical School and GME participation. Spanish speaking is also a plus. Please email CV to PhysiatryJob@aol.com.

FAMILY PRACTICE IN COLORADO LOOKING FOR PHYSICIAN
Looking for DO for established family practice with lots of OMT to join/possibly own. Evergreen, CO. Currently solo with two PAs, excellent staff. Beautiful mountain town, great schools. Contact Richard Staller, DO, at (720) 352-9909 or richard@rstaller.com.

NMM PLUS 1 POSITIONS AVAILABLE IN SUNNY SOUTH FLORIDA
Residency program at Larkin Hospital. Contact Joel D. Stein, DO, FAAO, at (954) 563-2707 or ommdoc@aol.com for more information.
Board Approves New Membership Dues Rates

Per the AAO bylaws, members who had not paid their dues by January 31 were dropped from the membership roster. On that date, approximately 95 percent of membership dues had been paid, with less than 70 Academy members dropped due to nonpayment.

Dues for the 2013-2014 fiscal year will be sent out June 7, and will be due and payable on or before July 31. The AAO Board of Trustees approved a five percent increase in all membership dues for the coming fiscal year.

The new rates that will appear on dues statements are:

<table>
<thead>
<tr>
<th>Membership Type</th>
<th>Active – Full: $274.00</th>
<th>First Year in Practice: $98.00</th>
<th>Second Year in Practice: $194.00</th>
<th>Associate – Full: $274.00</th>
<th>Associate – International: $302.00</th>
<th>Intern: $42</th>
<th>Intern/Resident – 3-Year Membership: $111.00</th>
<th>Intern/Resident – 4-Year Membership: $139.00</th>
<th>Resident – Full: $42.00</th>
<th>Supporter: $274.00</th>
</tr>
</thead>
</table>

Membership Announcements

Don’t make a move…without notifying the AAO! We don’t want to lose track of any of our members when they relocate. Please remember to inform Susan of any changes in your contact information: mailing address (work and home), phone numbers and e-mails.

Please make sure e-mails from the AAO are not going to your junk folder! Adjust your spam filter to allow e-mails from @academyofosteopathy.org so you can continue to receive the AAO Journal, AAO Member Newsletter, the OsteoBlast, updates on courses, etc. Please let Susan know of any e-mail address changes.

Once you graduate from osteopathic medical school, you do not automatically become a member of the AAO! Therefore, SAAO members who have graduated, or those who will be graduating soon, should strongly consider re-joining the AAO as a Postgraduate American Academy of Osteopathy (PAAO) member, and continue to receive discounts on courses and attend Convocation each year. More information is available at the PAAO Web site. No matter what field of medicine you choose and what residency you attend, the AAO has much to offer in your development as an osteopathic physician. If you know an intern or resident who is not a member of the PAAO, please pass this information along!

The AAO has a Facebook page. Check it out. Like us!

Believe it or Not

Can you believe that many of the faculty at osteopathic medical schools and residency programs are not AAO members? Can you believe that many state osteopathic association Board members are also not AAO members?

The Academy is asking for your assistance in its ongoing campaign to recruit new members. OMM department chairs and faculty members, residency program directors, state association board members—please talk to your colleagues!

Find out what they know and don’t know about the AAO. Show them our mission statement and tell them about the courses we offer. Share your personal story of how the Academy has helped you grow personally and professionally. Tell them how great Convocation was and what they missed.

If anyone you speak with has a question about how to join or rejoin the AAO, please direct them to Susan at slightle@academyofosteopathy.org or (317) 879-1881.
Case-Based Osteopathic Sports Medicine

September 29, 2013, in Las Vegas, NV (Pre-OMED)

Course Description
This one-day, pre-American Osteopathic Association Convention (OMED) course will be an interactive discussion and demonstration of manipulative techniques for common sports injuries of the extremities. Time will be divided between case presentation, demonstration of orthopedic testing, palpatory assessment, and manipulative treatment for extremity injuries. Both indirect and direct osteopathic manipulative treatment (OMT) modalities will be demonstrated. Discussion on rehabilitation goals, return to play and injections are welcome.

Course Objectives
The participant will be able to:
- Learn how to find and treat the axial component in extremity issues.
- Diagnose and treat shoulder impingement syndromes and rotator cuff pathology.
- Learn lymphatic techniques for the upper and lower extremities.
- Diagnose and treat trochanter bursitis, iliotibial band friction syndrome and fibula somatic dysfunction.
- Apply manipulative techniques to the wrist and foot.

Program Chair
Kurt P. Heinking, DO, FAAO, is a 1994 graduate of Chicago College of Osteopathic Medicine, where he currently serves as Chair of the Department of Osteopathic Manipulative Medicine. He is board certified in Osteopathic Manipulative Medicine, Family Medicine and Sports Medicine, and has a private musculoskeletal medicine practice in Willowbrook, IL.

CME
8 hours of AOA Category 1-A credit are anticipated.

Course Times
Sunday: 8:00 am - 5:30 pm
Includes (2) 15-minute breaks and a (1) hour-long lunch.
Coffee will be provided, but participants are responsible for their own meals.

Course Location
Mandalay Bay Hotel
3950 S. Las Vegas Blvd.
Las Vegas, NV 89119

Travel Arrangements
Call Tina Callahan of Globally Yours Travel at 1-800-274-5975.

AAO Member Newsletter April 2013
In Memoriam

Gregory C. Carroll, DO, age 61, of Blue Hill, ME, and New York, NY, died suddenly while travelling on February 1. He was various times a physician, circumnavigator, boatyard owner/operator, lobster pound owner/operator, stock broker and philanthropist. Dr. Carroll’s full and active life touched many, from his work for an orphanage in Varanasi, India, where he also assisted in medical clinics, to his passionate support of the Kneisel Hall Chamber Music Festival and School in Blue Hill. Born in Biddeford, ME, son of the late Harold and the late Henrietta Carroll, he graduated from the Canterbury School in New Milford, CT. He attended Case Western Reserve University and graduated from Bowdoin College, after which he joined the Merrill Lynch office in San Francisco as an account executive. In San Francisco, Dr. Carroll’s political support for the gay rights movement was forged as a result of the Harvey Milk upheavals, which he experienced firsthand. Returning to Maine, he redeveloped a coastal lobster business and a boatyard, leaving both as great successes and contributions to the community.

At 40 years old, Dr. Carroll entered the University of New England College of Osteopathic Medicine, and completed his training as a Family Practice resident at the Eastern Maine Medical Center in Bangor. Shortly after finishing his residency, he went to sea, circling the Atlantic Ocean and then the globe. Dr. Carroll was a devoted friend of the Kneisel Hall Chamber Music Festival and School, and his latest project was to bring some of the talent he found there (along with musical instruments he was collecting), to Nosara, Costa Rica, where he was in the process of establishing a music program in cooperation with the local public schools. Dr. Carroll leaves a sister, Charlotte Carroll Vial, of Biddeford Pool, ME, and Evian, France; a brother, Robert C. Carroll, of Bar Mills, ME and Paris, France; a brother, Harold J. Carroll; of Boston, MA; nine nieces and nephews, including one grandnephew; and innumerable friends and loved ones around the globe.

John A. Cifala, DO, passed away in Annapolis, MD, surrounded by his family, on February 23. Dr. Cifala was born on April 21, 1922, in Washington, DC, to Joseph and Vincette Cifala. From the age of eight years old, he wanted to be an osteopath, after he was healed of a serious injury by Della Mattson, DO. At the age of 13 years, he was the youngest person ever to apply to Philadelphia College of Osteopathic Medicine, although it would be five more years until he was allowed to attend. During his studies there, he met his wife Laura, an obstetrical nurse. Upon his graduation, he and Laura opened a family practice in Arlington, VA, where he practiced for 60 years, and she served as nurse and office manager. In 1948, Dr. Cifala was the first DO to be accepted into the Veteran’s Administration in Washington, DC, where he was appointed head of the Physical Medicine Department.

As the longest serving member of the American Osteopathic Association (AOA) House of Delegates and recipient of the AOA Distinguished Service Certificate, Dr. Cifala worked passionately to legalize the osteopathic profession in all 50 states. As one of the first osteopaths on the East Coast, he also helped found the Osteopathic College of Rehabilitative Medicine, of which he served as president. He was also, at various times, president of the Maryland, Virginia, and Washington, DC, Osteopathic Medical Associations. He lectured extensively on the importance of human touch in healing, and was very proud that 18 members of his family became osteopathic physicians. He is survived by his wife of 68 years, Laura Amalfitano Cifala, their six children (ToniAnn, John, JoAnn, Michael, Steven and Celeste), 17 grandchildren and 16 great-grandchildren.

Philip E. Greenman, DO, FAAO, passed away on February 5 in Tucson, AZ, due to complications of pneumonia. Dr. Greenman was born on February 25, 1928 in Deposit, NY, the only son of Joseph and Thelma Greenman, and was a 1952 graduate of Philadelphia College of Osteopathic Medicine. He completed an internship at the Osteopathic Hospital of Philadelphia, and a radiology preceptorship at the Veterans Administration in Buffalo, NY, where he was in private practice from 1956 to 1972. Dr. Greenman then accepted a teaching position at Michigan State University College of Osteopathic Medicine in East Lansing, MI, where he served as Associate Dean and Professor in the Department of Biodynamics and the Department of Physical Medicine and Rehabilitation until 2004.
The Feminine Touch: Women in Osteopathic Medicine
by Thomas A. Quinn, DO, FAOCOPM

Now available in the AAO bookstore!

In 1892, Andrew Taylor Still did the unimaginable when he accepted women and men equally in his newly opened American School of Osteopathy. Thomas A. Quinn, DO, showcases some of the valiant women who rose above adversity to become osteopathic doctors in those early years, and includes prominent women osteopathic physicians up to the present time. The stories of their fight against the inequality of the sexes in medicine are intertwined with the struggles of Osteopathy to be accepted as a valid scientific practice, illuminating the innovative and determined individuals who helped osteopathic medicine develop into the flourishing profession it is today.

208 pp., Paperback
ISBN: 978-1935503132

I appreciate this comprehensive presentation of one more aspect of our profession that sets us apart.

–Karen J. Nichols, DO, MA, MACOI, Past President, American Osteopathic Association

With significant changes in healthcare facing twenty-first-century physicians, women stand in the vanguard of a new era in osteopathic practice. Dr. Thomas Quinn brilliantly guides the reader through their arduous journey and through the winds of change that have brought women to the forefront of medicine. This is their time, this is their story, and The Feminine Touch tells it with sincerity and aplomb.

–Silvia M. Ferretti, DO, Provost, Vice President, Dean of Academic Affairs, Lake Erie College of Osteopathic Medicine

Dr. Greenman was the author of 132 invited papers and presentations, 68 articles in peer-reviewed publications, four books, ten book chapters and eleven educational modules. In 1989, he delivered Kirksville College of Osteopathic Medicine’s Scott Memorial Lecture and the American Academy of Osteopathy’s (AAO) Thomas Northup Lecture. He received the Gutensohn/Denslow Award from the American Osteopathic Association Bureau of Research in 1998, and the A.T. Still Medallion of Honor from the AAO in 2000. The American Osteopathic Foundation presented him with a Lifetime Achievement Award in 2007, and he was the recipient of the Fellows of the AAO Distinguished Service Award in 2010. Dr. Greenman is survived and fondly remembered by his wife of 63 years, Patricia Bingham Greenman; sons, John and Jeffrey; daughters-in-law, Laura and Janet; and grandchildren, Elizabeth, Alexander, Emily, Matthew and Andrew.

Academy component societies re-certified

Academy President Jane E. Carreiro, DO, affirmed the following AAO component societies at the annual business meeting in Orlando, FL on March 21: Arizona Academy of Osteopathy, Florida Academy of Osteopathy, Indiana Academy of Osteopathy, New England Academy of Osteopathy, New Jersey Academy of Osteopathy, Northern California Academy of Osteopathy, Northwest Academy of Osteopathy, Ohio Academy of Osteopathy, the Osteopathic Cranial Academy, Postgraduate American Academy of Osteopathy, Presque Isle Academy of Osteopathy, Rocky Mountain Academy of Osteopathy, Student American Academies of Osteopathy (SAAO) and the Sutherland Cranial Teaching Foundation.

The American Academy of Pediatric Osteopathy and the SAAO Chapter at Western University of Health Sciences College of Osteopathic Medicine of the Pacific Northwest were also approved as new component societies.

AAO Thanks Convocation Exhibitors

The Academy leadership and staff would like to thank all of our exhibitors for participating in an incredibly successful Convocation. We hope you will take the time to encourage your pharmaceutical representatives or other vendors that come to your office to join us at The Broadmoor Hotel in Colorado Springs on March 19-23, 2014.

New Member Report

The following individuals joined the Academy as new members between September 15, 2012, and January 31, 2013:

Lauren Abratt, DO; Aventura, FL
Aisha D. Bailey, DO; Neptune, NJ
Jonquille Bouchard, DO; Southampton, NY
Rachel H. Brauner, DO; Danville, PA
Sarah Anne Brill, DO; Hamptons Bay, NY
Dean E. Chamberlain, DO; Hallowell, ME
Barry M. Crawford, DO; Gadsen, AL
Sarah A. Curtis, DO; Astoria, NY
William A. Delp, Jr., DO; Snellville, GA
Candice M. Dobier, DO; Casper, WY
John E. (Jed) Downs, MD, MPH; Madison, WI
H. Jedidiah Duensing, DO; Augusta, ME
Jacob Ly Duong, DO; Miami, FL
Katrin Esco, MD, DO (Russia); Toronto, Ontario, Canada
Paul Evans, DO, FACOFP; Carmel, IN
Karen K. Fried, DO; Christiansburg, VA
Michael W. Geis, DO; Stamford, CT
Jeremy A. Ginoza, DO; Chelsea, ME
Anna M.S. Gladstone, DO; Detroit, MI
Jeffery Paul Groesbeck, DO; Biddeford, ME
Christopher T. Hannasch, DO; Mason, MI
Gregory A. Heller, DO; Scottsdale, AZ
Mia Hosaka, DO; Albany, NY
Megan P. Johnson, DO; Warwick, RI
Jessica A. Kelner, DO; Miami, FL
Ahadullah Khan, DO; Lansing, MI
Nabeel Kouka, MD, DO; Fort Lauderdale, FL
Anna R. Krauss, DO; Grand Junction, CO
Jayne D. Mancini, DO; Huntington, NY
Stephen Matta, DO, MBA; Philadelphia, PA
Heidi A. McNulty, DO; Roseburg, OR
Christopher A. Medina, DO; Southampton, NY
Susan M. Overkamp, DO; Jefferson City, MO
Susannah G. Parke, DO; Ann Arbor, MI
Jonathan E. Pasca, DO; Corvallis, OR
Debra L. Paxton, DO; Endicott, NY
Charles A. Pearrow, DO; Sag Harbor, NY
Brian A. Peternell, III, DO; Hampton Bays, NY
Steven B. Pinckney, DO; Williamsport, PA
Teresa G. Saavedra, DO; Plantation, FL
Marc Seeley, DO; Lewiston, ME
Elnax Shahabi-Abney, DO; Costa Mesa, CA
Dora J. Sherman, DO; Wyoming, MI
Shana A. Shosky, DO; Kirksville, MO
Emily B. Soni, DO; Belgrade, ME
Melanie R. Southard, DO; Larkspur, CA
Samuel M. Spanbauer, DO; Weston, FL
Aubrey Taow, DO; Ammon, ID
Amol Utturkar, DO; Downey, CA
Norman E. Vinn, DO; San Clemente, CA
Jacob W. Watters, DO; Warner Robins, GA
Brianne L. Wehner, DO; Kirksville, MO
Prolotherapy Weekend
October 10-12, 2013, at UNECOM in Biddeford, ME

Course Outline
Thursday, October 10, 5:00 pm - 10:00 pm: Physicians who have not taken a prior course in prolotherapy are required to attend this session. It will include an introduction to prolotherapy, wound healing, degenerative postural cascade, coding and billing.

Friday and Saturday, October 11-12, 8:00 am - 5:30 pm: Participants will be divided into two groups—beginners and advanced. These two groups will alternate between lectures in anatomy and injection technique, and time in the anatomy lab performing injections under supervision and reviewing prosections.

Principles of Prolotherapy by Cantieri MS, Pasquarello GJ and Ravin TH, will serve as the course syllabus. Please see http://principlesofprolotherapy.com/index.html for details.

Prerequisites
Functional anatomy: (1) Level I course or equivalent.
Participants must indicate upon registration whether they are a beginner or advanced prolotherapy student. If you are unsure, please contact Sherrie Warner at the AAO.

CME
20 hours of AOA Category 1-A credit is anticipated

Travel Arrangements
Call Tina Callahan of Globally Yours Travel at (800) 274-5975. A rental car is recommended since the campus is located about 15-20 minutes from most hotels and restaurants.

AAO Member Newsletter April 2013 21
Golden Ram Donations Kick Campaign into High Gear

AAO members’ recent donations to the Golden Ram Society have significantly bolstered the 2012-2013 campaign. The Academy’s leadership encourages all members to support this annual fundraising program. As of April 12, 85 donors have contributed a total of $26,773–53 percent of the $50,000 goal. Thanks to all for their loyal support!

Golden Ram donations can now be made online by logging on to www.academyofosteopathy.org. Click “Contribute” on the left-hand column, select the appropriate donation category and enter the exact amount of your contribution. The AAO leadership hopes this system will ease your ability to donate to the Academy. Please keep in mind that you can also make a recurring monthly contribution of $25 or more. Call Sherri L. Quarles at (317) 879-1881 to set up your rolling donation today!

Bradley D. Rosen, DO
Ian Schofield, DO (UK)
Heather A. Sharkey, DO
Beth N. Thompson, DO
Jeanne M. Wahl, DO
David P. Yens, DO
Course Description
This class will explore the heart and vascular system aspects of neuroregulation, viscoelasticity and compliance, micro perfusion, mechanical tension, function and dysfunction.
Participants will palpate, diagnose and treat the heart muscle, valves, connective tissue structures, cardiac coronaries and lymphatics, coronary conducting system, cardiac plexus and brainstem, as well as sensory and emotional connections.
It will cover the venous system with the superior and inferior vena cava, portal vein, lumbar plexus and sigmoid/rectal plexus.
It will also address the major visceral arteries of the thorax, head and neck, and upper extremities (aorta, pulmonary vessels, subclavian, common carotid, facial artery, carpal tunnel area, thyroid vessels, internal carotid and breast vessels).
Participants will start cross-correlating osteopathic diagnosis and treatment with oriental medicine by palpating the meridians pre and post treatment, and using the “healing sounds.”
If time permits, the vessels of the abdomen will begin to be covered.

CME
24 hours of AOA Category 1-A credit are anticipated.
