Academy Trustees Adopt Balanced Budget

AAO President David Coffey, DO, FAAO, convened the Board of Trustees for their summer meeting July 12-13 at the Embassy Suites Hotel in Indianapolis, IN. The trustees continued the precedent of adopting a balanced budget for the 2013-2014 fiscal year which began on August 1. The Board worked with a proposed operational document submitted by Secretary-Treasurer Judith A. O’Connell, DO, FAAO, to arrive at the final version. This budget will enable the Academy to continue building its reserves, and eventually meet its goal of maintaining at least six months operating expenses in reserve.

Significant agenda items included the selection of a recipient for the 2014 Academy Award; approval of new member applications; the restructuring of Academy boards and committee; management agreements with the American Osteopathic Board of Neurormusculoskeletal Medicine (AOBNMM) and the Foundation for Osteopathic Research and Continuous Education; approval of course budgets; appointment of a scientific editor and an associate editor for the American Academy of Osteopathy Journal; recertification of component societies; and the Capital Campaign. Dr. Coffey assigned a task force to work on amendments to the Manual of Procedures for review by the board in September. Lastly, the Board of Trustees approved a 10-year lease for the Academy Headquarters to move two floors up in the Pyramids. Before the end of the year, the AAO Headquarters will be housed on the 10th floor, taking up the entire floor. Since the Academy moved to the Pyramids in 1992, the staff has grown from the original four to eight staff members.

AAO leaders attend 2013 AOA House of Delegates

AAO Immediate Past President Jane E. Carreiro, DO, served as the Academy’s delegate to this year’s AOA House of Delegates Meeting at the Fairmont Hotel in Chicago, July 19-21. All resolutions were sent to reference committees, where members held a forum for public testimony prior to meeting in executive session to formulate a recommendation for action by the full house.

AAO President David Coffey DO, FAAO, and AAO President-elect Kenneth J. Lossing, DO, were delegates for their respective state associations and were there to support Dr. Carreiro.

Thank you to the 82 student and physician members of the Academy who served as delegates for their respective state associations or specialty societies: Karen E. Arscott, DO; Craig Hall Bethune, DO; John E. Bodell, DO; Joseph M. Brandt, OMS; Steve P. Buchanan, DO; Mark S. Cantieri, DO, FAAO; Jane E. Carreiro, DO; David Coffey, DO, FAAO; Tyler C. Cymet, DO; Soham U. Dave, OMS; Nate DeLisi, DO; Linda Delo, DO; Robert C. DeLuca, DO; Jerome A. Dixon, DO; R. Todd Dombroski, DO; Dennis J. Dowling, DO, FAAO; Anthony D. Elkins, DO; Richard A. Feely, DO, FAAO; Leigh (Jack) Forbush, DO; Russell G. Gamber, DO; Zack P. Giesen, OMS; John R. Gimpel, DO; Mary G. Goldman, DO; Pamela L. Grimaldi, DO; Deborah M. Heath, DO; Robert L. Hunter, DO; Kenneth H. Johnson, DO, FAAO; Virginia Marie Johnson, DO; Elyse Julian, OMS; Joel A. Kase, DO, MPH; John M. Kauffman Jr., DO; Lori Alane Kemper, DO; Shamyal Hasan Khan, OMS; Hollis H. King, DO, PhD, FAAO; Jonathon R. Kirsch, DO; Michael T. Kolinski, DO; Cecilia Elizabeth Kraus, OMS; John Bennett Kurish, DO; Randy G. Litman, DO, FAAO, FACOFP; Kenneth J. Lossing, DO; David L. Lukens, DO; Jared S. Magee, OMS; Jessica Lynn Masser, DO, MS; Benjamin C. Meyer, OMS; Kathleen J. Meyer, DO;

Vinyard, DO; Shaista Shahid Walji, OMS; Barbara E. Walker, DO; Jan M. Willcox, DO; and Adrian Lynne Woolley, DO.

In addition to the delegates, AAO member Boyd R. Buser, DO, serves on the AOA Board of Trustees.

The delegates enjoyed a birthday cake on Saturday in celebration of Ethan R. Allen, DO, FAAO’s 91st birthday. Unfortunately, Dr. Allen was unable to travel and could not attend. Happy Birthday, Dr. Allen!!

It’s never too early to begin planning for next year’s AOA House of Delegates, which is scheduled for July 18-20, 2014, in Chicago! Now is the time for Academy members to express their willingness to serve as delegates for their state organizations. The AAO leadership encourages members to volunteer their time to participate in this important political activity and help shape policy to include a strong presence of osteopathic principles and practice within the profession.

Academy Volunteers Deliver Treatment at Chicago Meeting

Osteopathic Education Service Committee Chair R. Clay Walsh, DO, recruited Kenneth Nelson, DO, FAAO, and Ann L. Habenicht, DO, FAAO, to staff the AAO treatment service at this year’s AOA House of Delegates meeting. Fourteen volunteers from among the delegates joined Drs. Nelson and Habenicht in providing individual educational workshops to fellow DOs (40), osteopathic medical students (5), AOA staff (4) and guests (11).

Thanks to the following volunteers for devoting their time to teaching and advocating OMM to this special group: Nate DeLisi, DO; Dennis J. Dowling, DO, FAAO; Richard A. Feely, DO, FAAO; Robert Fedor, DO; Daniel J. Kary, DO, FAAO; Jonathan Kirsch, DO; Ann L. Habenicht, DO, FAAO; Craig Magnatta, DO; Joseph P. McNerney, DO; Kenneth E. Nelson, DO, FAAO; George J. Pasquarello, DO, FAAO; Christopher Poggi, DO; Hallie J. Robbins, DO; Carl M. Shapiro, DO; Joel D. Stein, DO; Arthur J. Speece, DO; and Adrian Woolley, DO.

AOA Inaugurates 117th President

Norman E. Vinn, DO, a board-certified osteopathic family physician from San Clemente, CA, has been sworn in as the AOA’s 117th President! In his remarks to the House of Delegates after being inaugurated, President Vinn praised the osteopathic culture that has kept the profession strong and growing since its founding 139 years ago and urged DOs to recommit themselves to building and strengthening our culture in the years to come. To help guide us on this journey, President Vinn cited eight guiding principles that have helped him achieve this position, including innovation, celebration and distinctiveness. Dr. Vinn’s inaugural ceremony will be posted on Osteopathic.org so that the whole AOA family can learn more about our new President and his theme. (Source: AOA Daily Report, July 20, 2013)

House Elects New President-elect

The AOA House of Delegates has elected Robert S. Juhasz, DO, as President-elect of the American Osteopathic Association! Dr. Juhasz has served for many years as the medical director at the Cleveland Clinic’s Willoughby Hills Family Health Center. He is an assistant clinical professor at the Ohio University College of Osteopathic Medicine in Athens, and a clinical associate professor of medicine at the Cleveland Clinic Lerner College of Medicine of Case Western Reserve University. Dr. Juhasz graduated from the Kansas City (Mo.) University of Medicine and Biosciences College of Osteopathic Medicine and is a fellow and diplomat of the American College of Osteopathic Internists. In addition to his tenure on the AOA Board of Trustees, Dr. Juhasz has served as chair for the AOA’s Department of Governmental Affairs and as the AOA’s liaison to the United States Preventive Services Task Force at the Agency for Healthcare Research and Quality. Believe it or not, this was not the only achievement regarding Dr. Juhasz this month. The Cleveland Clinic announced that Dr. Juhasz, who has been with the Cleveland Clinic for 15 years, will become the new President of South Pointe Hospital. Also announced was the appointment of Neil Smith, DO, as the new President of Cleveland Clinic’s Fairview Hospital. Go Buckeyes!

Prolotherapy Weekend

October 10-12, 2013, at UNECOM in Biddeford, ME

Course Outline
Thursday, October 10, 5:00 pm - 10:00 pm: Physicians who have not taken a prior course in prolotherapy are required to attend this session. It will include an introduction to prolotherapy, wound healing, degenerative postural cascade, coding and billing.

Friday and Saturday, October 11-12, 8:00 am - 5:30 pm: Participants will be divided into two groups—beginners and advanced. These two groups will alternate between lectures in anatomy and injection technique, and time in the anatomy lab performing injections under supervision and reviewing prospections. "Principles of Prolotherapy" by Cantieri MS, Pasquarello GJ and Ravin TH, will serve as the course syllabus. Please see http://principlesofprolotherapy.com/index.html for details.

Prerequisites
Functional anatomy: (1) Level I course or equivalent.
Participants must indicate upon registration whether they are a beginner or advanced prolotherapy student. If you are unsure, please contact Sherrie Warner at the AAO.

CME
20 hours of AOA Category 1-A credit is anticipated

Travel Arrangements
Call Tina Callahan of Globally Yours Travel at (800) 274-5975. A rental car is recommended since the campus is located about 15-20 minutes from most hotels and restaurants.

New Slate of AOA Board of Trustees Elected

Following Dr. Juhasz’s election, the House of Delegates elected a slate of Trustees to fill open positions on the AOA Board. **Amber Hull**, OMS IV, was elected as the Student Representative. Sonobol Shahid-Salles, DO, was elected as the Intern/Resident Representative. Kathleen Naegele, DO, was elected as the New Physician in Practice representative. Craig Magnatta, DO, was elected First Vice President; Geraldine O’Shea, DO, was elected Second Vice President; and Frank Tursi, DO, as Third Vice President. Trustees elected to fill open spots on the Board were Theresa Hubka, DO, and Mark Cantieri, DO, FAAO. Trustees re-elected to three-year terms were Mark A. Baker, DO; Thomas L. Ely, DO; Ernest Gelb, DO; William S. Mayo, DO; Richard Thacker, DO; and Barbara Walker, DO. Carl Michael Pesta, DO, was re-elected Speaker of the House of Delegates, and Ray L. Morrison, DO, was re-elected Vice-Speaker.

Introducing new Executive Director of the AOA

Adrienne White-Faines, MPA, became Executive Director of the American Osteopathic Association (AOA) following the AOA’s House of Delegates’ meeting this past July. In this position, Ms. White-Faines is in charge of carrying out the AOA’s strategic agenda supporting the organization’s physician and student members and its commitment to promoting public health; advancing scientific research; and serving as the accrediting agency for osteopathic medical schools, hospitals and health care facilities.

For 10 years prior to joining the AOA, Ms. White-Faines served as vice president of health initiatives and advocacy at the American Cancer Society (ACS), Illinois Division, where she was accountable for cancer research, education, advocacy and patient service programs. Prior to employment at ACS, she served as chief operating officer at Chicago-based Renewal Emergency Medical Services, a health care management consulting firm for hospitals and physicians, and at Chicago’s Northwestern Memorial Hospital, where she oversaw a $600 million hospital redevelopment project. She also worked as a health strategist with the New York City Health and Hospitals Corporation, and as a practice administrator for a large physician group practice in Whittier, Calif.

Ms. White-Faines remains active with numerous Chicago and national nonprofit organizations, including the Erikson Institute, American Field Service-USA and as a fellow with Leadership Greater Chicago. She holds a master of public administration from the University of Southern California in Los Angeles and a bachelor of arts from Amherst (Mass.) College.

NMM/Family Medicine and Osteopathic Residency Faculty Positions – Orlando, Florida

Florida Hospital Graduate Medical Education in Orlando, Florida, is looking for three dynamic, hardworking and broadly skilled family physicians with a passion for teaching for our osteopathic residency faculty.

- **Family Medicine/Neuromusculoskeletal Medicine physician. Board Certification in both FM and NMM (AOA) is required.** This doctor would serve as one of the key faculty members within the Osteopathic Family Medicine Residency Program. He/she would focus on the Integrated NMM and Plus One NMM programs within the residency.
- **Inpatient/hospitalist medicine with some outpatient care. Board Certification in Family Medicine (AOA or ABMS) required.**
- **Outpatient care with some inpatient/hospitalist medicine. Board Certification in Family Medicine (AOA or ABMS) required.**

Responsibilities would include teaching for all of our residents and medical students. We teach six new residents each academic year, along with two new residents each year in the FM/NMM program, and two fellows in the Plus One NMM program. The program also offers an Osteopathic Manipulation Fellowship, as well as the AOA-accredited Gynecologic Oncology program (one per year for the three-year program). Our main medical school affiliation is with Nova Southeastern University College of Osteopathic Medicine.

This residency program is based at Florida Hospital East Orlando, a 225-bed facility that is part of one of the largest healthcare systems in the country. The Osteopathic Family Medicine Residency at East Orlando is among the most progressive training programs in the osteopathic profession. The foundation for our family medicine internship and residency is derived from the dedication of our faculty, continuity family medicine and pediatric clinics, didactic programs and innovative technology.

NOTE: Not a Visa opportunity.

For more information, please contact Sarah Doherty, Physician Recruiter, at 407-200-2751, or e-mail CV to sarah.doherty@flhosp.org.
Dr. Robert C. Fulford’s Basic Percussion Course
February 14–16, 2014 at TCOM

Course Description and Background:
At Dr. Fulford’s last course in May of 1997, he expressed his desire to leave his ailing body after his scheduled presentation to the Cranial Academy in June. After demonstrating what he was going to present to the Cranial Academy, he asked Dr. Koss (Program Chair) and Dr. Rajiv L. Yadava to continue teaching his work to the Osteopathic profession. Dr. Fulford passed away four days after the Cranial Academy presentation.

This course has been restructured to provide the participant a more complete understanding and experience of Dr. Fulford’s contributions to Osteopathy. Although hand and percussion techniques are included, the course emphasizes increasing the clarity of one’s working knowledge. Based on the participant’s inclinations, there is freedom within the curriculum to change the direction of what information is relayed. Time needed to assimilate what is taught will also be respected.

Prerequisites:
This Level III course is for DOs, MDs, dentists and students with a 40-hour approved Cranial course and/or prior training and experience in Cranial Osteopathy or permission from the program chair.

Course Objectives:
• One will recognize that many of Dr. Fulford’s ideas are rooted in Dr. Still’s and Dr. Sutherland’s teachings;
• One will begin to see that the results realized from the use of the percussor is directly dependent on the osteopath’s understanding;
• One will see that the use of the percussor will save the physician time and energy; and
• One will appreciate that Dr. Fulford gave more to Osteopathy than a new technique.

CME:

She resides in Chicago with her husband Larry Faines, MD, and her children Mari and Kamau. *(Source: AOA Website)*

The American Academy of Osteopathy wishes John Crosby, JD, retiring Executive Director of the AOA, much rest and relaxation in his retirement. We will miss you, John!

**A.T. Still Memorial Lecture on Distinctiveness**

AOA Past President Donald J. Krpan, DO, gave this year’s A.T. Still, MD, DO, Memorial Address to the House of Delegates. His remarks focused on osteopathic distinctiveness—those principles and practices which have made our profession so revolutionary—and what he sees as threats to that distinctiveness. The loss of osteopathic hospitals, the need for growth in osteopathic graduate medical education training programs, the amalgamation of osteopathic and allopathic licensing boards, and decreases in the number of DOs choosing osteopathic certification were immediate concerns. Dr. Krpan closed his historic speech by calling upon the AOA, colleges of osteopathic medicine and all DOs to “get to work” on addressing them.

Donald J. Krpan, DO, a board-certified family practice physician, led the nation’s 44,000 osteopathic physicians (DOs) and the AOA from July 2000 to July 2001. The AOA is an association organized to advance the philosophy and practice of osteopathic medicine by promoting excellence in education, research and the delivery of quality and cost-effective health care in a distinct, unified profession. Aside from protecting the right and privilege to practice osteopathic medicine, Dr. Krpan worked with the AOA to enhance professional unity, ensure quality education and training programs and preserve basic osteopathic principles.

Dr. Krpan has been involved with the osteopathic profession in many capacities before becoming AOA president. He serves as chairman of the ethics committee of the Osteopathic Medical Board of California, and has been a member of the Osteopathic Physicians and Surgeons of California’s board of directors. Dr. Krpan has also served as a member of the AOA’s Board of Trustees since 1988, as well as a member of its House of Delegates since 1980. Congratulations, Dr. Krpan!

**Membership Committee Chair Introduces New Members**

The heart and soul of every association are its members. Sheldon Yao, DO, Chair of the AAO Membership Committee, realizes this and wishes to introduce the latest Academy members. The AAO leadership and staff welcome each new member and look forward to their involvement. The following physicians joined the AAO between February 1 and April 30, 2013.

- James S. Aston, DO
- Brian W. Ault, DO
- Harold M. Cotler, DO
- John E. (Jed) Downs, DO, MPH
- Sergiy Druganov, MD (Russia)
- Carol E. (Carrie) Griffin, DO
- Louella Pritchette Hargett, DO
- Shawn M. Higgins, DO
- Elizabeth T. Jasolosky, DO
- Elizabeth M. (Potts) Klucka, DO
- Rebecca D. Lansky, DO
- Brookshield Laurent, DO
- Jennifer I. Leggoe, DO
- Christine R. Mahoney, DO
- Joe J. Melograno, Jr., DO
- Jennifer E. Roehrs, DO
- Margaret Moore, DO
- Connie J. Speece, DO
- Hong V. Truong, DO
- Thomas C. (Carmine) Van Deven, DO
- Sarah B. White, DO
- Nathan P. Widboom, DO
- Jennifer L. Woodard, DO

**Members in the News**

Sara E. (Sally) Sutton, DO, FAAO, was recognized as a Pioneer in Osteopathic Medicine for her profound contributions to osteopathic manual diagnosis and treatment at the Des Moines University College of Osteopathic Medicine Alumni Reunion on May 25. She is the DMU’s sixth Pioneer and the first woman to receive the honor. Congratulations, Dr. Sutton!

Texas Osteopathic Medical Association District II announced that AAO member Kendi Hensel, DO, PhD, was elected as its President and AAO member Sharon Gustowski, DO, was elected as its Vice President. Congratulations, Drs. Hensel and Gustowski!
Membership Announcements

The Academy’s fiscal year is from August 1 to July 31...which means it’s time to renew your AAO membership!

Dues notices were sent out June 1 and July 19, and will be sent again the middle of September. Dues payments were due and payable by July 31, 2013. We take checks, as well as Visa, MasterCard and Discover. We do NOT accept American Express. As of July 27, 54.7 percent of dues billed for the 2013-2014 fiscal year had been paid.

If you have not received a dues notice, please contact Susan at slightle@academyofosteopathy.org or (317) 879-1881. Reminder: In order to serve on any AAO committee, board, etc., you must be in good standing, with your dues paid in full.

Don’t make a move...without notifying the AAO! We don’t want to lose track of any of our members when they relocate. Please remember to inform Susan of any changes in your home and work contact information.

Please make sure emails from the AAO are not going to your junk mail folder! Adjust your spam filter to allow emails from @academyofosteopathy.org so you can continue to receive the AAO Journal, AAO Member Newsletter, the OsteoBlast, updates on courses, etc.

Once you graduate from osteopathic medical school, you do not automatically become a member of the AAO. Therefore, SAAO members who have graduated, or those who will be graduating soon, should strongly consider rejoining the AAO as a Postgraduate American Academy of Osteopathy (PAAO) member, and continue to get discounts on courses and attend Convocation each year. Information is always available at www.academyofosteopathy.org/paao/home. No matter what field of medicine you choose and what residency you attend, the AAO has much to offer in your development as an osteopathic physician. If you know an intern or resident who is not a member of the PAAO, please pass this information along!

The AAO Membership Committee continues to break down and further analyze the results of the Membership Survey sent in January 2012. With the addition of two new subcommittees (New Physicians in Practice and Mentorship), they will meet via teleconference in August to further develop their goals of recruiting and retaining members.

CLASSIFIED ADVERTISEMENTS

| NMM PLUS 1 RESIDENCY PROGRAM IN NEW YORK |
| NMM Plus 1 Residency at Southampton Hospital in beautiful Southampton, Long Island. Applications are currently being accepted. If interested, please contact Program Director Denise K. Burns, DO, FAAO, at drdenise@optonline.net or Education Department Secretary Karen Roberts at (631) 726-0409. |

| DO SOUGHT FOR CONNECTICUT PRACTICE |
| Practice available in Hartford, CT. Primarily specializes in OMT, prolotherapy and chronic pain management. Income for 2012 was 700K, with net income of 335K. Much more to explain regarding demographics of the community, hospitals in the area and beautiful nearby residential areas. If interested, please contact Gary N. Wiessen at (631) 281-2810 or gnw1@buysellpractices.com. |
He developed the modality of Visceral Manipulation based on his innovative theory that each internal organ rotates on a physiological axis. In collaboration with Alain Croibier, D.O., Jean-Pierre Barral has also developed the modalities of Neural Manipulation and Global Joint Treatment based on their on-going clinical research.

Dr. Barral holds the title of Curriculum Developer for the Barral Institute. Dr. Barral took the modalities and developed them into various manual therapy courses, which he taught since 1985. Dr. Barral has trained and certified a team of International Teachers who also instruct these courses around the world.

Since 1999 he has maintained a private practice in Grenoble, France, and has served as Chairman of Department of Visceral Manipulation on the Faculty of Medicine Osteopathy, Grenoble, France; the Chairman of Department of Visceral Manipulation on Faculty of Medicine Paris du Nord; and Academic Director of International College of Osteopathy, St. Etienne, France.

Kenneth J. Lossing, DO, Program chair

Dr. Lossing is a 1994 graduate of Kirksville College of Osteopathic Medicine. He completed internship and residency programs at Ohio University College of Osteopathic Medicine, and is certified in Neuromusculoskeletal Medicine/Osteopathic Manipulative Medicine and Family Practice. Dr. Lossing studied under French osteopath Jean-Pierre Barral, DO, and is known internationally as a lecturer on visceral manipulation. He is a current member of the AAO Board of Trustees (BOT), and serves as the BOT Liaison for the Osteopathic Medical Economics and Osteopathic Diagnosis & Treatment Education Committees.

Jean-Pierre Barral, DO, Featured speaker

Jean-Pierre is an Osteopath and Registered Physical Therapist who serves as Director (and Faculty) of the Department of Osteopathic Manipulation at the University of Paris School of Medicine in Paris, France. He earned his diploma in Osteopathic Medicine in 1974 from the European School of Osteopathy in Maidstone, England, and went on to teach spinal biomechanics at the institution from 1975-1982.

New Approach to Osteo-articular Manipulations: Including the Superior and Inferior Limbs

March 15–18, 2014 in Colorado Springs, CO

Course Description:
This course will present a new manner to check and to treat all the upper limb components, shoulders, elbows, wrists and hands. As well as offering an unique and original approach of the lower limbs including the hips, knees, ankles and feet.

CME:
The program anticipates being approved for 32 hours of AOA Category 1-A CME credit pending approval by the AOA CCME.

Course Location:
The Broadmoor
1 Lake Avenue, Colorado Springs, CO 80906
Reservations: 7am to 9pm (MT), seven days a week.
(888) 974-3088 (Mention AAO event.)

Travel Arrangements

Course Description
An additional model used in the diagnosis and treatment of musculoskeletal pain. This course will cover the ankle, shoulder, and knee. FDM is a model of thinking that provides a framework to view the function of the body and the expression of pain. Fascia can be viewed as the “wrapper” of our bones, muscles, and organs. Fascia is an integral part of the body's nerve network. Dr. Still identified the importance of the fascial system when seeking health. Treatments in the FDM are directed at the fascia and restoring its function by focusing on correcting distortions in the fascial system and thereby eliminating pain. The FDM provides practitioners another model in which to view the body and another tool in the battle against musculoskeletal pain. FDM expands the capability of traditional Osteopathic modalities by specifically addressing the fascia and the distortions which are identified. Treatment of the fascial distortions can provide dramatic results by addressing the Bioteaengerity of the body. The FDM is driven by a patient’s body language, verbal description, and the provider’s underlying understanding of the fascial distortions and their impact on the whole system.

AAO Closed for Labor Day

The AAO headquarters will be closed on Monday, September 2, in observance of the Labor Day holiday. We appreciate your understanding and hope this schedule does not inconvenience you.

AAO Offers Osteopathic Education Service

Each year at the AOA convention, the American Academy of Osteopathy (AAO) offers its free osteopathic education sessions to convention-goers, including guests and exhibitors. These sessions are provided for educational purposes only. DOs from all specialties are invited to volunteer to provide care for the AAO program. The AAO welcomes osteopathic physicians who want to volunteer. One half-hour Category 1-B CME credit is given for each person the physician sees. The AAO prefers advance notice from osteopathic physicians who want to volunteer but will accept on-site registration. The dates and times of the sessions are as follows: Tuesday, October 1, 9 am to noon, 3 pm to 5 pm; Wednesday, October 2, 9 am to noon, 2 pm to 5 pm; and Thursday, October 3, 9 am to noon, 2 pm to 5 pm. The OES will be located in the Exhibit Hall. Volunteers must have their own professional liability coverage. If you are interested in volunteering, please contact Sherrie Warner, AAO Event Planner at (317) 879-1881 or swarner@academyofosteopathy.org.

Golden Ram Donations Kickstart Campaign Year

AAO members’ “dues check-off” donations to the Golden Ram Society have begun to build the foundation of the 2013-2014 campaign. The Academy’s leadership encourages all members to support this annual fundraising program. As of July 25, 2013, 45 donors have contributed a total of $10,907 – 31 percent of the $35,000 goal. Thanks to all for their loyal support!

Golden Ram donations can be made online at www.academyofosteopathy.org. Click “Contribute” on the left-hand column, select the appropriate donation category and enter the exact amount of your contribution. The AAO leadership hopes this system will ease your ability to donate to the Academy. You can also make a recurring monthly donation of $25 or more. Call Sherri L. Quarles at (317) 879-1881 to set up your rolling donation today!

AAO Member Newsletter August 2013
Osteopathic Approaches to the Heart and Vascular System

December 6-8, 2013 at AZCOM in Glendale, AZ

Course Description
This class will explore the heart and vascular system aspects of neuroregulation, viscoelasticity and compliance, micro perfusion, mechanical tension, function and dysfunction.
Participants will palpate, diagnose and treat the heart muscle, valves, connective tissue structures, cardiac coronaries and lymphatics, coronary conducting system, cardiac plexus and brainstem, as well as sensory and emotional connections.
It will cover the venous system with the superior and inferior vena cava, portal vein, lumbar plexus and sigmoid/rectal plexus.
It will also address the major visceral arteries of the thorax, head and neck, and upper extremities (aorta, pulmonary vessels, subclavian, common carotid, facial artery, carpal tunnel area, thyroid vessels, internal carotid and breast vessels).
Participants will start cross-correlating osteopathic diagnosis and treatment with oriental medicine by palpatating the meridians pre and post treatment, and using the “healing sounds.”
If time permits, the vessels of the abdomen will begin to be covered.

CME
24 hours of AOA Category 1-A credit are anticipated.

Program Chair
Kenneth J. Lossing, DO, is a 1994 graduate of Kirksville College of Osteopathic Medicine. Dr. Lossing completed an internship and residency program at the Ohio University College of Osteopathic Medicine. He studied under the French Osteopath, Jean-Pierre Barral, DO, and has become an internationally known speaker on visceral manipulation. Dr. Lossing is the AAO President-elect and is a member of the AAO Board of Trustees.

Course Times
Friday, Saturday and Sunday: 8:00 am - 5:30 pm
Includes (2) 15-minute breaks and a (1) hour-long lunch.

Breakfast, lunch and coffee breaks will be provided
I require a vegetarian option
I require a gluten-free option

Course Location
Arizona College of Osteopathic Medicine
19555 North 59th Avenue, Glendale, AZ 85308
